Kind friends.

I arrived home safely. My Mama and other friends met me at the depot and all seemed very glad to see me. I have a very nice home. My Mama prepared a beautiful front room for my very own. I do not wish to stay home and not do any work at all. So I shall ask you if you will please try and get me a nice place to work. I would like a place where I could write or do copying. I have been writing a great deal. I am going to see Grandpa for he is on the point of death. My papa is having me a traveling suit made for the purpose.

Give my love to all the girls. I will write them a letter before long. I would love to see all the girls again and hear their sweet voices singing the sweet promise of the heavenly land. I do so want to be a good Christian girl and do something and to be something in the world. I have not Christian parents so it will be all the

for me. but still I will try and do what  
is right. Please pray for me and my good.  
I shall have a hard struggle in life but  
I hope to come out victorious in the end with  
God's help. Give my love to Bear Miss Duffe  
and tell I will write her a big fat letter  
before long.

I will close by sending my love  
and best regards to all and asking you to  
please help me to get a good place. Good bye.  
I will write a longer letter next time.

I remain your sincere adopted  
daughter
